Introduction

This guide explains how to purchase Tekle Holographics devices through the Microsoft commercial marketplace and outlines the end-to-end flow, from selecting the offer and completing checkout with your organization's billing account to linking your purchase to the Tekle Holographics Customer Portal.

After purchase, the guide shows how to confirm shipping and configuration, track fulfillment, view order details and access SDK downloads and technical documentation directly in the Customer Portal.

Purchasing Flow

This section will cover the purchasing of a new Holographic device or service. You'll first select the device model, then choose instalment for the hardware and a subscription plan. These are separate purchases in the Microsoft marketplace (two line items/transactions), and both must be completed, under the same tenant/billing account, for us to accept and fulfill your order.

You can choose between two purchasing options, Azure Marketplace, or Microsoft market place. Azure contains more management options but both options are almost identical. Continue with either the *Purchase through Azure Marketplace* or

Purchase through Microsoft Marketplace section.

Purchase through Azure Marketplace

Start by visiting the [Azure Marketplace](#). Here you can search for “Tekle Holographics” to view all of our devices and services or search for a specific product name.

Tekle Holographics – Holo-Table MAX

Large-Scale, Multi-User Holography for Teams That Build the Future

The **Holo-Table MAX** is Tekle Holographics' flagship interactive table for **room-scale 3D visualization**, designed to support **up to 10 users simultaneously**. At 3.5m × 3.5m, it offers an expansive platform for visualizing infrastructure, landscapes, simulations, and digital twins—projecting 3D content **up to 1 meter above the surface**.

Perfect for construction planning, smart cities, defense operations, and education, the Holo-Table MAX provides an intuitive and collaborative way to **see, analyze, and decide in 3D—together**.

Select the correct subscription, resource group and create a name. You can disable the auto-renew for the one time installment fee. After this click review + subscribe, review the information and subscribe.

Customer Portal Account Configuration

After having purchased the installment & subscription plan you need to configure your account and the subscriptions in the customer portal. After purchasing you may see a button asking you to do this, but you will also receive an email requesting you to do this.

Configure your new Development Test Offer SaaS account

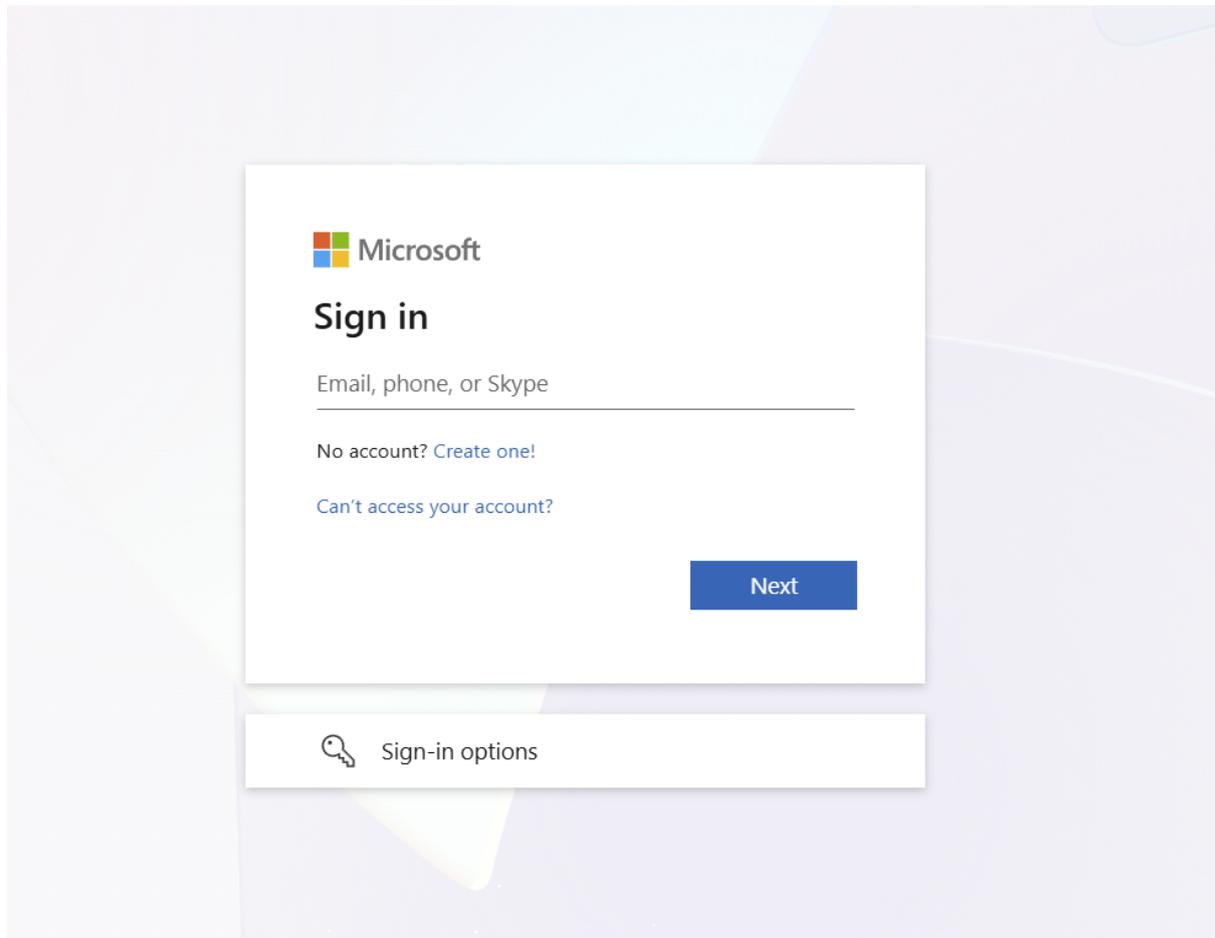

Thank you for purchasing the 3-year Development Test Offer Test plan Installment SaaS subscription through AzureMarketplace.

To complete your purchase and activate your SaaS subscription, configure your account on the publisher's website.

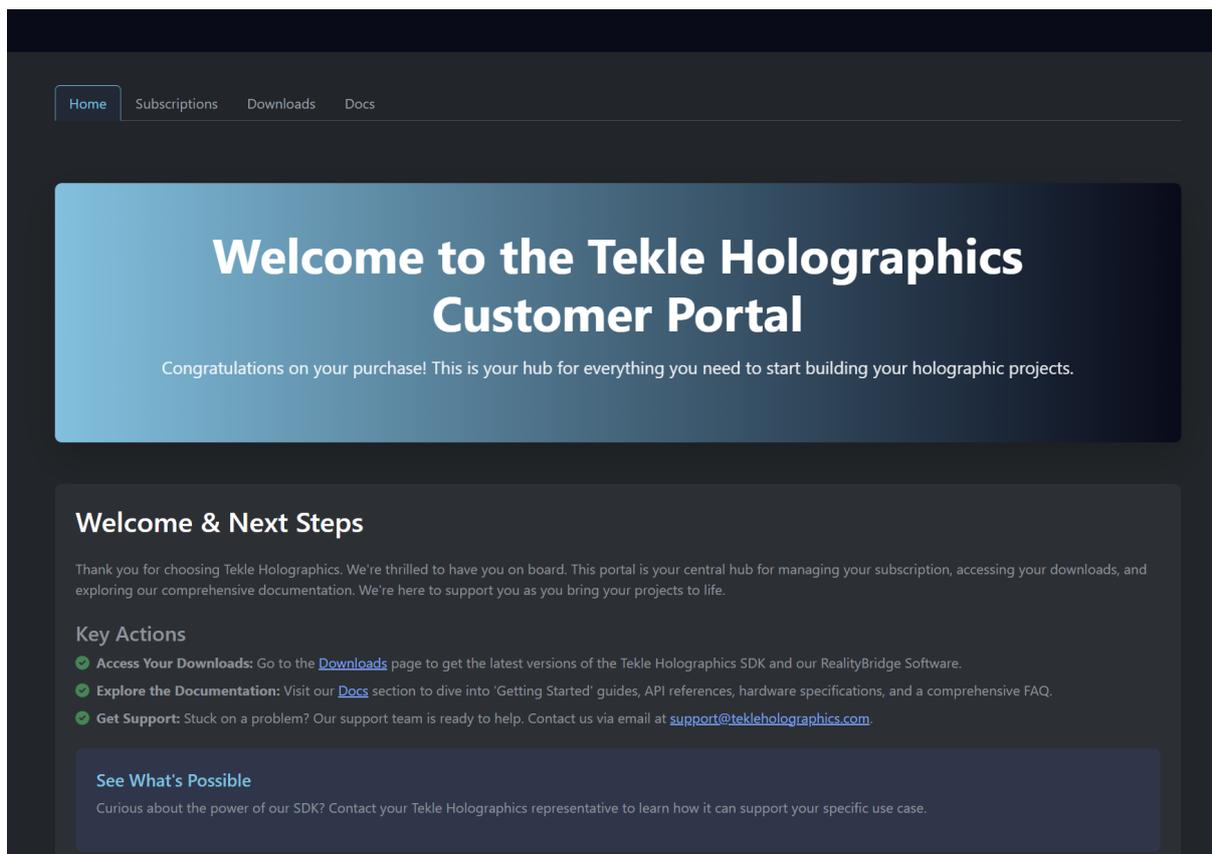

[Configure account >](#)

If you have questions, please [contact us](#).

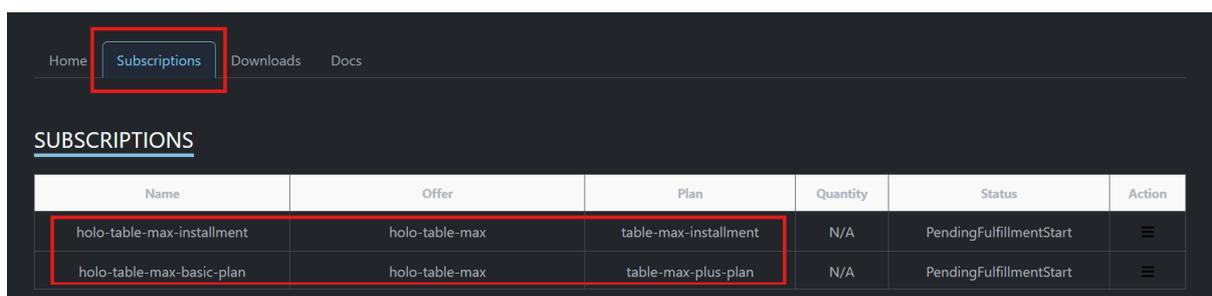

This will take you to our customer portal, please log in using the same microsoft account from which the purchase was made.

You should now be seeing the customer portal.

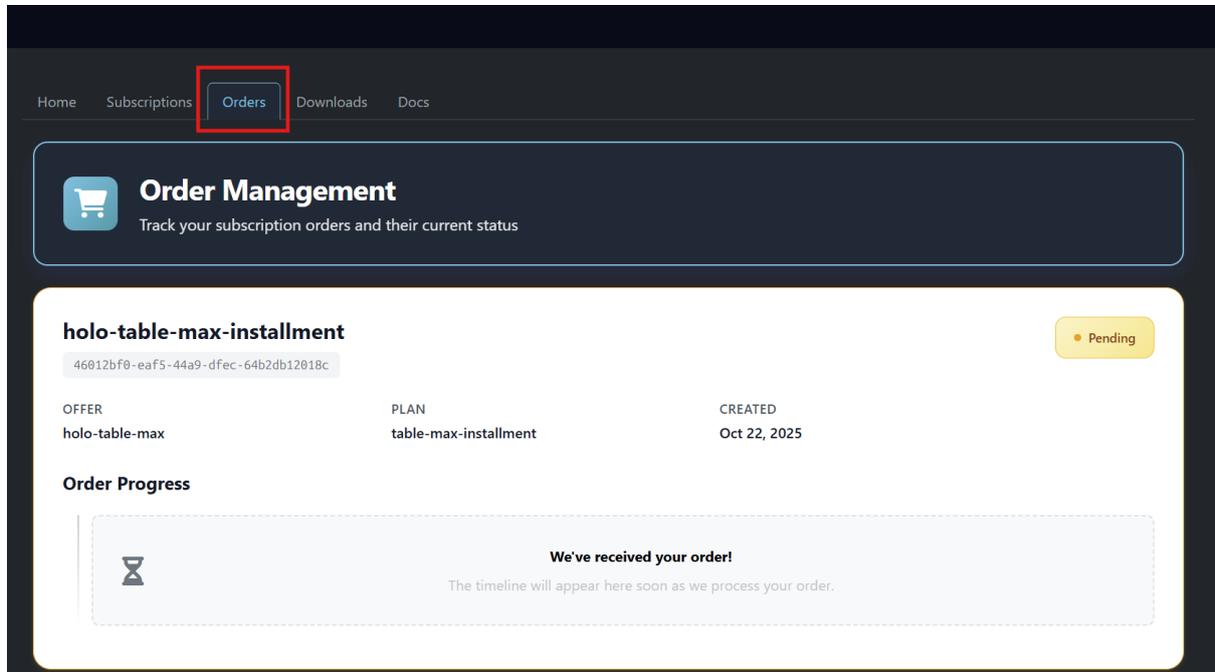

In the portal you can click on subscriptions to see the newly created subscriptions. Make sure to use the 'Configure account' button on both the installment & subscription plan. You should be seeing both the subscriptions under the subscriptions tab now, with a status of pending fulfillment.

Our team will now review your subscription request and accept the subscription. Please do keep in mind, that in order to have your subscription accepted we require both an installment & subscription plan for the same device.

Viewing your order status

In the orders tab you'll be able to track the full status of the order. Initially this will be shown as pending.

The screenshot displays a user interface for 'Order Management'. At the top, a navigation bar includes 'Home', 'Subscriptions', 'Orders' (highlighted with a red box), 'Downloads', and 'Docs'. Below this is a dark blue header for 'Order Management' with a shopping cart icon and the text 'Track your subscription orders and their current status'. The main content area shows a specific order: 'holo-table-max-installment' with a status of 'Pending' in a yellow badge. A table below lists details: OFFER (holo-table-max), PLAN (table-max-installment), and CREATED (Oct 22, 2025). Under the 'Order Progress' section, a message states 'We've received your order!' with a sub-message: 'The timeline will appear here soon as we process your order.' An hourglass icon is visible on the left of this message box.

Once the order is approved by Tekle Holographics an updated timeline will appear. This timeline will update through production & delivery the process to include more detailed information.

Accessing THSDK

In the downloads & docs tabs you will now be able to download THSDK and related documentation.

The screenshot shows the THSDK website interface. At the top, there is a navigation menu with links for Home, Subscriptions, Orders, Downloads, and Docs. The Downloads link is highlighted with a red box. Below the navigation, the page title "THSDK" is displayed. Underneath, there are two tabs: "Latest" and "Unity", with "Unity" being the active tab. The main content area is a grid of eight cards, each representing a different Unity version. Each card contains the version name, the file name (e.g., com.tekle.thsdk-3.3.0.tgz), and two buttons: "Download" and "Docs".

Unity Version	File Name	Download	Docs
Unity Version 3.3.0	com.tekle.thsdk-3.3.0.tgz	Download	Docs
Unity Version 3.2.0	com.tekle.thsdk-3.2.0.tgz	Download	Docs
Unity Version 3.1.0	com.tekle.thsdk-3.1.0.tgz	Download	Docs
Unity Version 3.0.0	com.tekle.thsdk-3.0.0.tgz	Download	Docs
Unity Version 2.3.0	com.tekle.thsdk-2.3.0.tgz	Download	Docs
Unity Version 2.2.0	com.tekle.thsdk-2.2.0.tgz	Download	Docs
Unity Version 2.1.1	com.tekle.thsdk-2.1.1.tgz	Download	Docs
Unity Version 2.1.0	com.tekle.thsdk-2.1.0.tgz	Download	Docs
